### FOUR JOIN BOARD OF DIRECTORS

**WEBSTER GROVES, Mo.** – Rebuilding Together – St. Louis is honored to announce that Melissa Hensley, Priscilla Visintine, Steve Bass and Michelle Gilley have recently joined its board of directors.

Hensley, a senior project director at Maritz Research, joins the board after volunteering for the past two years. She's volunteered on Rebuilding Day and helped coordinate other Maritz employee involvement.

Visintine joins the board after volunteering with Rebuilding Together for the past year. She has, and continues to, serve as chair of the public relations committee where she provides valuable expertise as principal of Carden Group Communications.

Bass is the chief engineer of global strike systems and the St. Louis/St. Charles site for The Boeing Company. He joins the board after volunteering with Rebuilding Together for three years. He's served as a house captain by leading a team of Boeing employees to make major repairs on selected houses.

Gilley joins the board after serving on Rebuilding Together's house selection committee for the past nine years. This past January, Gilley spent a week alongside other St. Louisans volunteering to help repair homes in the Gulf Coast. Professionally, Gilley is the vice president of software development at Citi.

"We're extremely excited and honored to have these amazing people on our board," said Executive Director Lynne Rajani. "Their experiences, energy and dedication are invaluable to us as we continue to strive to provide safer living environments for low-income homeowners throughout St. Louis."

Rebuilding Together – St. Louis is an affiliate of a national volunteer organization. It revitalizes neighborhoods in partnership with the community by rehabilitating the houses of low-income homeowners, particularly the elderly and the disabled, so that they may continue to live independently in comfort and safety. Rebuilding Together – St. Louis also renews neighborhoods by rebuilding community centers, playgrounds and other community projects. For more information, call 314/918-9918 or visit [www.rebuildingtogether-stl.org](http://www.rebuildingtogether-stl.org).
